Dear Sir: Chairman

As a Victim of Media Control
over American Newspapers in
Cities and TV Stations.

Controlled by a greedy few I
protest any loosening of
media ownership standards.

We ask you to please tighten
controls, standards, and restrict
the growth of media monopoly
in America.

Too many are influenced
by Israel and organizations
 beholden to Israel.

Please No Sockpuppeted America.

Dear Mr. [REDACTED]

I want to thank you [REDACTED]

Our latest issue, No. 436, is selling well. As we have noted all back issues are now out-of-print. Our ~~next~~ issue will carry an important article with lengthy quotes from Pat Buchanan and Charlie Reese on exactly why we should not go to war with Iraq.

Iraq is absolutely no threat whatsoever to America. However, it is an enemy of Israel. That is the only reason why Pres. Bush may launch an attack against Iraq. It will be on behalf of Israel. This is a chief goal of the American-Israel Political Affairs Committee. (AIPAC). This is the all-powerful Jewish Lobby which dominates both the Congress and the White House. We are against any new war with Iraq just because the Jews demand it. Let the Jews declare war on Iraq. Let them fight it out between themselves!

f Remember when George Bush demanded that Ariel Sharon withdraw his army from the West Bank - "without delay!" How many times did he repeat this? Then Sharon asked the Congress to pass a resolution supporting the Jewish invasion of the West Bank. It passed by an overwhelming vote with only two against it in the Senate and only 21 opposed in the House. This means that we are under total Jewish rule!

In order to awaken our sleeping neighbors we need to repeat over and over again that AP report of Oct. 3, 2001. in which Ariel Sharon was picked up on an open mike telling his Foreign Minister. Shimon Peres. who was concerned that Israel was making enemies in America. Sharon is heard telling Peres:

I want to tell you something very clear, don't worry about American pressure on Israel, we, the Jewish people, control America and the Americans know it!

Bush's total surrender to Sharon is shocking cowardice on his part. Bush then made impossible demands on Yasser Arafat - that he must create a new government, a new judiciary. a new security force and then resign from office! Who does Bush- think he is??? Bush then states that *after* Arafat surrenders to all of these impossible demands, that - **he. George Bush** - will consider a Palestinian state in three years. Sharon corrects him and says that it is in ten years.

Your editor looks forward to students returning to college in September. You are going to see anti-Israel demonstrations from coast-to-coast. They will be exactly like those occurring all over Europe today. The holocaust sympathy line has worn off and the bloody Jewish occupation of the Holy Land has revealed to the world the true nature of the Jews.

Faithfully,

Dr. E. R. Fields
